Practical Information

Application deadline

- > for EU students: 15 August
- > for non-EU students: 1 June

Please check all application and admission information of your master's programme at BUas.nl.

Grants and scholarships

EEA students can apply to the Dutch Ministry of Education for a student grant or a loan for tuition fees. Please check duo.nl for detailed information. For non-EEA students we offer a number of master's scholarships. Go to BUas.nl/scholarships for more information.

English language requirements

Please check the master's programme of your choice at BUas.nl to make sure if you will need to submit an English test and for an overview of the accepted tests and required results.

Support

Our Student Office assists international students with practical matters, including application and admission, scholarships, housing and visa applications for non-EU students. You can chat with them via BUas.nl or send a mail to: studentoffice@buas.nl.

Tuition fee

BUas is a government-funded institute. The statutory tuition fee for most of our master's programmes is only €2,530.

Please check BUas.nl/en/tuition-fees for detailed information.

Other costs*

You should also take into account the costs of textbooks, readers, study trips, a laptop and your daily expenses and costs of living.

- > Visa/Study Permit legal fees: appr. €215
- > VisaCare application fee: appr. €110

PROFESSIONAL & ACADEMIC DEGREE PROGRAMMES

Master Imagineering

MBA | 1 year

Also available in executive format

In this MBA programme, you will learn how to build and strengthen your expertise to realise much-needed social and business innovations. Furthermore, you will learn how to participate in and lead processes of collective creativity.

E-mail: ImagineeringAcademy@buas.nl

Master of Science Leisure and Tourism Studies

MSc | 1 year

In this multidisciplinary academic programme, you will learn about the value of leisure and tourism in an increasingly complex society. You will look at it from the perspectives of Experiences & Storytelling and Placemaking & Events.

E-mail: Leisurestudies@buas.nl

Master Strategic Events Management

MA | 2 years | *part-time*

This is a two-year, part-time programme for young professionals working in the events industry. With classes on campus one day a week, you will learn to approach events as a strategic tool to achieve organisational goals more successfully.

E-mail: Strategievents@buas.nl

Master Supply Chain Management

MSc | 1 year

During this master's programme, you will develop the right analytical skills in business intelligence and research, as well as the right social skills in leadership, change and innovation. You will learn how to translate supply chain concepts into useful practical solutions.

E-mail: Mastersupplychain@buas.nl

Master Media Innovation

MA | 1 year

Also available in online executive format

Based on cooperation with the media industry, this programme will prepare you to lead the way in a world of jagged change and disruption. You will learn how to come up with groundbreaking media concepts that are innovative and future-proof.

E-mail: Mastermediainnovation@buas.nl

Master Tourism Destination Management

MA | 1 year

In this programme, you will learn how to develop strategies for responsible, resilient, and sustainable destination management. You will start in Breda and will do field research for a period of three months at various destinations in the world.

E-mail: Master-tdm@buas.nl

Master Game Technology

MSc | 1 year

You will spend a year working on a topic based on your own interest and will receive weekly individual coaching by an expert in your subject area. Training in research methods allows you to develop deep insights and to make meaningful contributions to game design.

E-mail: Mastergametechnology@buas.nl

Master Sustainable Outdoor Hospitality Management

MA | 2 years

During this programme, you will study in Breda, but also at universities in Girona (Spain) and Rijeka (Croatia). You will learn how to manage large-scale outdoor (camping) resorts in a sustainable and profitable way in cooperation with local authorities.

E-mail: Master-sohm@buas.nl

BUas ALSO OFFERS

Pre-master | 1 year

Leisure and Tourism Studies

Graduates have direct access to the Master of Science Leisure and Tourism Studies. You will work on a solid theoretical basis and on your research skills.

E-mail: Leisurestudies@buas.nl

Pre-master | 1 year

Strategic Business Management and Marketing

Trains you in entrepreneurship and academic research and grants direct access to MSc programmes in business-related education.

Professional doctorate

Professorships in the fields of

- > Leisure, Tourism & Hospitality
- > Arts + Creative
